Featured Art Tips, Tutorials and Articles

Eight Ways to Creatively Promote Your Art - by Kristen Clark
 Creativity applies to more than just art; it also applies to the business side of art - generating sales. In the absence of an agent, I need to promote myself and my work, and I need to do this on a daily basis. The reality is that no matter how good my art may be I still need to create my own "buzz." Fortunately, there are a variety of activities that can be easily managed in this effort, and those activities can be tailored to each artist's unique style and preference. [view full article here](#)

7 Top Tips For Increasing Your Imagekind Sales - by Andrew Gibson
 This article is based on my interviews with best selling Imagekind photographers. You've put some photos or artwork up for sale on Imagekind (or a similar site), and now you're wondering why you haven't sold many (or maybe even any) yet. Or perhaps you've already achieved some success and now you're hungry for more. I interviewed two of Imagekind's best selling photographers. My mission: to find out exactly how they achieved their success. Read on to find out what I learned. [view full article here](#)

Two-Point Perspective, Depth, and Accuracy - by Richard Kennedy
 Two-point perspectives differ from one-point perspectives in their use of a second vanishing point. They also differ in another way: two-point perspectives never have horizontal lines. All lines except verticals are drawn to a vanishing point. There are many ways to draw two-points, the best methods being ones we can easily remember and apply to the design process with relative quickness. We will study the measuring point method of setting up a two-point perspective. [view full tutorial here](#)
